Japanese Pushing Their Way Along in Several Directions.

Late Accounts Show That the Russian Losses on the Yalu Were Heavier Than Reported.

Chefoo, May 9, Noon.—Passengers arriving on the steamer Petrarch from New Chuang say that when they left New Chuang the Russians had commenced to evacuate. Some guns had been taken from the forts and many troops had already gone. In other respects New Chuang was quiet. The passengers understood before their departure that the Japanese had cut the railway, but they learned no particulars.

The fear is held here that if the Russians leave and the Japanese do not at once take possession of New Chuang the brigands, who are now across the river near Yingkow, will pillage the place. The foreign residents are prepared to resist the brigands should they come over. The British consul has requested that a gunboat be sent to New Chuang.

Churches of the Country Have From Bare Prairie Springs Issued an Appeal.

UTAH COMES IN FOR SIDE WIPE UTAH UEOPLE THERE PROSPER-AT POLYGAMY.

DHILADELPHIA, May 8.-The interofficially fourteen leading denominaofficially fourteen leading denominations, has issued through its secretary, Rev. William H. Roberts, D. D., an appeal to the public, calling attention to several aspects of the divorce question. The paper is the beginning of a national campaign of education on the subject, to be followed by efforts to secure the enactment of laws in the state legislatures, and ultimately, it is thought, of an amendment to the constitution of the United States.

Already action has been taken by the

conference looking toward the preven-tion of the remarriage, by ministers of other communions, of divorces whom fregymen of their own faith have re

Champion of Education.

"Before any civil legislation can be enacted which will be operative, and quite apart from the accord which we are seeking to secure in the marriage regulations of the Christian churches, must come the leavening of the minds of men and women which shall lift them toward a recognition of the noblest dignities of life.

Utah Not Alone.

"What words can we find to express the abhorrence which ought to rise in righteous indignation against the present possibilities and the existing facts of the divorce habit in America. Just now polygamous Utah looms large and ugly in our minds, but we must look nearer home to realize the true condition of things. The proportion of divorces to marriages in 1902 in eight vorces to marriages in 1902 in eight states reporting statistics is as follows: In Maine, I to 6; in New Hampshire, I to 8.3; in Vermont, I to 19; in Massachusetts, I to 16; in Rhode Island, 1 to 8; in Obio, 1 to 8.8; in Indiana, I to 7.6; in Michigau, I to 11. "The fear of legalized polygamy in one state is enhanced by the fact of unholy divorce in many states. The des of Christian people must be set gainst this. The voices of Christian cople must be lifted against this, not y to secure civil legislation, not only enforce church discipline, but to cor-it the tendency, to control the in-mation and to condemn the fact. We k you to unite with us in earnest rt, so that more and more the man od of America may make itself heard of felt, in the determined purpose to the currents which are sapping e foundations of all that is best and liest and dearest in human-life."
